ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 8, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question, whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purposes of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums of denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for those special purposes on all the persons and subjects of taxation on which said Board of Commissioners now or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon the maturity of said bonds. For the purpose of securing the due investments of the amounts so collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled 'Commissioner of the Sinking Fund of the City of Raleigh,' whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the sums of debts referred to in said section, until such debt shall have been first duly audited and approved by the Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a ballot folded containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioners authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principle of said bonds as above provided. If a majority of said voters shall vote "Not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made, under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 24 day of March, A. D. 1869.

(Signed,) TOD R. CALDWELL,
President of the Senate.

(Signed,) Speaker of the House.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, MARCH 21, 1869.

NORTHERN TESTIMONY.

"In the six weeks that we have passed in South Carolina, we have neither seen nor heard anything that led us to doubt that intelligent Northern people with a sense of what is due to others, as well as to themselves, can readily cultivate agreeable business and social relations with the same class of citizens in South Carolina and Georgia."

This is the voluntary testimony of Thurlow Weed, one of the most influential and sagacious of Northern politicians, and formerly an editor who wielded a power scarcely second to that once exerted in Virginia by Tom Ritchie, of the Richmond *Enquirer*. Mr. Weed has visited South Carolina for his health, and after six weeks residence among the terrible "chivalry" of the Palmetto State, finds it in his heart to write truthfully and kindly about those from whom he had received nothing but courtesy and good will.

Mark well what he says. "Intelligent Northern people *with a sense of what is due to others as well to themselves*, can readily cultivate agreeable business and social relations with the same class of citizens in South Carolina and Georgia." With equal truth, the same may be affirmed of North Carolina. No man who conducts himself with propriety, who respects the rights of others, who attends to his own business, who is neither a blackguard nor a sneak, need anticipate any other than the kindest treatment. We know men, who, like Dr. Vogle, referred to in the *Sentinel* of a few days ago, are not only treated kindly upon the street, but are invited to the residences of gentlemen and are made the recipients of that cordial hospitality which the true Southron understands so well how to dispense. All well disposed, industrious, moral men from any and every country can come among us with a guarantee of being met with gentlemanly courtesy and Christian kindness. It is only low bred scullions and unprincipled adventurers who are scorned and avoided as moral lepers. North Carolina offers no home to such creatures; but she will welcome with a becoming heartiness all who come within her favored borders with a purpose to help develope her vast resources and to contribute towards restoring peace and prosperity to her people. We cordially invite all "intelligent Northern people," and people from the old world too, who have "a sense of what is due to others, as well as to themselves," and who are industrious, frugal and virtuous, to come to our State at once, and help us plant the vine and work the fields and excavate the mines and build the factories, until the busy hum of industry and the joyous strains of thrift shall be heard from the seaboard to the mountains.

THE CUBAN REVOLUTION.

Late news from this Island indicate that the "rebels" or insurgents are about to succeed. The telegrams manipulated by the Spanish authorities, like Yankee telegrams during the late war, are not remarkably truthful. They conceal at least a part of the disaster when the government troops are damaged, and magnify their exploits when they meet with a success. It appears from reliable intelligence received by the steamship Liberty, that the rebels are victorious in nearly all of the engagements.—The native Cubans are represented as united in a purpose to throw off the Spanish yoke, and are devoting themselves and their fortunes to the work, with a constancy and courage that would be quite cheering and glorious if such a course were not so "rebellious." They hate most heartily the Spanish government which has ruled them harshly and tyrannically for long years and the prospect is very good that they will be relieved not long since of the oppressive burdens. Many Southern patriots are said to be among the insurgents, and two or three old Confederates are among their leaders.

BEECHER.

The members of Henry Ward Beecher's Church in Brooklyn are getting up a new sensation. He is to have a monument.—Death comes with too slow pace for the sensationists and the Brooklyn apostle must see himself chiselled in marble before he sleeps with his fathers. The statue is to cost $6,000. The Puritan preacher is endowed with an intellectual wealth that is very uncommon, there is no denying, but he is exceedingly fond of applause and vain glory, if he can be pleased with such demonstration on the part of his hero-worshippers. We see it intimated, that this contemplated tribute of admiration grows out of his well known devotion to "bleeding Kansas" and the United States government during our recent troubles. We have seen no account of the proposed design—Possibly he may be represented in full uniform, or in a hunting shirt with a Sharpe's rifle in his hand.

AN IMPORTANT ROAD.

The Railroad from Henderson to Mt. Airy is a very important one. The Raleigh correspondent of the Fayetteville *Eagle* says concerning this Road:

"This is a very important Road, and runs through the finest tobacco region on the continent. It will probably pass through Oxford, Roxboro,' Leasburg, Yanceyville and Wentworth. By referring to a good map, you will see that this road will shorten the time from Norfolk to Memphis some 150 or 200 miles, if the road is continued from Mt. Airy to some point on the road from Knoxville Tenn. to Lynchburg, Va., which will only be some eighty miles long."

RASH CRITICISM.

There is fashion in literature as there is in dress. It is sometimes the *style* of criticism to disparage "the foremost" writers of all the world. When we meet with a reading man who politely "damns" the best established writers of the age, we quietly withdraw, leaving him in the undisturbed enjoyment of his crude eccentricities or absurd affectations. Whenever a man affects in your presence to despise Milton and Spencer and Carlyle and De Quincey, avoid him instantly as you would a lazar house. The atmosphere he inhales is not healthful. It is absolutely rank with the effluvia generated by the defunct carcasses of Sylvanus Cobb and Harrison Ainsworth. The odor is absolutely pestiferous and you may resort without offense to Preston Salts or take refuge in any literary disinfectant.

We read the other day, in a New York leading monthly, that Pope's immortal productions were after all but "varnished verses," and that Wordsworth was simply garrulous and tiresome, without the "faculty divina." We confess to some indignation when we read this poor stuff, and felt like pricking the literary prig with our pen, (a duty we may yet perform,) but we remembered that such nonsense had stained the pages of publications of far higher merit than this Northern candidate for popular favor.

The latest onslaught we have met with, is Professor Goldwin Smith's sarcastic reference to Thomas Carlyle, in his article, (referred to in our remarks, upon "the English Revolution,") in the last *North American Review*. Mr. Carlyle has excited the ire of the Professor by some of his peculiar views in regard to slavery as it once existed in our midst, and thus pays him off in very lively and caustic style.

"Mr. Carlyle's oracular utterance in favor of the slave power showed us the bottom of his philosophy, and probably cured some of us of the habit of canting, with Carlyle, against cant, and shaming abhorrence of shams. In his recent pamphlet on the Reform Bill, the philosopher of the celestial immensities and infinities exhibits himself in a state of rather terrestrial panic, clinging to the knees of wealth and power for protection against the democracy, and praying for the maintenance of a Christian Church to guard a Freethinker's spoons."

This is doubtless well done. It attacks the great Scotsman on his weak side.—Knowing his proclivity to attack "shams" the English critic finds a joint in his harness and darts into him his javelin. Without assuming to be a disciple of Carlyle, we are none the less confident that, he is one of the greatest men yet produced in this century so very prolific in men of undoubted genius. He may be too abstruse and mystical in his philosophy; too much addicted to the Kantean doctrine of the inner light; too fond of manufacturing words not very remote from jargon, and yet he is a literary artist of uncommon skill and has given the world scores of imperishable pages. Nay, he is something nobler and higher still; he is a very acute reasoner, a very eloquent writer at times, and a man of uncommon nobility of soul. Some of the grandest passages to be found in the prose of England lie scattered throughout his manifold writings.

He was, we believe, friendly to the South in the late struggle and more than once so expressed himself. He is an offence to all who sympathized with the North, and is pronounced, therefore, the hugest "sham" of the age—"the greatest embodiment" of shams. We recognize in him a very hearty despiser of the false and the wrong, and believe him to be as honest as he is gifted. Err he may often in his utterances, but he is, as we take him, a noble specimen of genuine British manhood.

DELIGHTFUL!

"Next to the obituary of the man who invented the hand organ, the adjournment of the Tennessee Legislature is the most cheerful reading we can conceive of."—*Memphis Avalanche.*

If Col. Galloway only lived in these parts his pleasure would be enhanced a hundred fold. The Tennessee Legislature lacks, in an eminent degree, one quality that distinguishes our "hands." It knows nothing of tenacity. Why sir, our hands have already been here over five months, and now they talk of remaining with us *for four years*. Pleasant prospect! Agreeable sensation! Only think of that Colonel.—Won't it be "cheerful reading" when our people peruse their political "obituary?" That of the "hand organ" man was nothing. Compare Hyperion to Satyr, but, sir, don't compare your obitual literature to ours.

POINTED.

The Raleigh correspondent of the Fayetteville *Eagle* characterizes Judge Reade's opinion upon the Stay Law, as "magnificent claptrapping." He says it is "without dignity and without sense—a disgrace even to Radical legal literature." He must have read the document, a task we have not undertaken. One sentence quoted to us by a lawyer was sufficient.

LONGSTREET'S CASE.

A few days ago we noticed the report that General Longstreet intended to decline serving in the New Orleans custom house, and now per contra produce an extract from the Washington correspondent of the New York *World*. That writer says:

Longstreet's reported magnanimous willingness to resign so as not to compromise himself has probably been reconsidered, as he now trains with Jack Hamilton and that crowd daily, and his confirmation is pressed on the ground that it is necessary to reward originally trooly loil men and relatives in a magnificent manner. There is considerable question, however, of his being confirmed, though odds favor it.

It this last suggestion should prove well founded what a spectacle will be presented—birth right goose, and not a drop of broth!—*Norfolk Virginian.*

One difference between the New York *Herald* and the Raleigh *Standard*—the former gets paid for its "Personals" and the latter don't.—*Star.*

There are 214 students in attendance at Ripon College, in Wisconsin, of whom eighty-eight are women—the largest number of the latter yet catalogued in any one term at that institution.

Legislature of North Carolina.

SENATE.

MONDAY, March 22, 1869.

Mr. Barrow presented two petitions on the subject of Fisheries—one from citizens of Perquimans—one from citizens of Surry. Referred to Committee on Fisheries.

Mr. Hayes, from the Committee on Internal Improvements, reported back the bill to charter N. C. Central Road, favorably.

Mr. Smith, reported back bill prohibiting the sale of liquors within 5 miles of Rutherford Seminary, favorably.

Mr. Brogden, from the Committee on Finance, reported resolution in favor of J. R. Grady, favorably—also, other resolutions of a private character—all favorably.

Message from the House, transmitting a large number of bills, asking the concurrence of the Senate.

Mr. Waits, from the Committee on Education reported the bill authorizing the Board of Education, to invest certain funds in U. S. Securities.

The report of the Joint Committee, to investigate the affairs of the Treasurer, made a lengthy report, which was sent to the Senate, with a proposition to print 400 copies for the use of the members. The matter of investigation, consisted of charges that the Treasurer and Mr. Pruyn had jointly speculated on the necessities of members, by purchasing at a discount, their claims of *per diem*; and, also, in relation to the bonds issued for Penitentiary purposes. The Committee reported no *fraud—all fair dealing*. The correspondence and the different official orders, are embraced in the report. The report is voluminous.

On the question to concur,

Mr. Sweet thought the proposition to print, a flagrant waste of money.

The Committee had been eminently successful in making out a report which whitewashed the transactions treated of.

Mr. Sweet had made no charges against the Treasurer. He had heard of none.—The Treasurer says much about the charges as to himself and Mr. Pruyn. Upon the oath of the Treasurer, Mr. S. had made statements—he had repeated only so much as the Treasurer had sworn to. He did not charge the Treasurer with perjury—he had corrected his sworn testimony. Yet, upon his sworn statement, the presentation had been made.

The Committee say the Treasurer acted with prudence and caution—when no charge had been made. Mr. Sweet opposed the creation of the Committee, because he well knew it was for the purpose of whitewashing the conduct of the Treasurer.—The Committee say that, in regard to the Penitentiary bonds, the Treasurer acted with prudence and caution. He took a bold and broad issue with the Committee, and contended that in the disposition of the bonds, the Treasurer had evaded the laws and act authorizing the issue of the bonds. The assumed defence of the Treasurer, by the Committee, that he acted as former Treasurers had, was untenable and would not be sustained. The history of the State would not show that any former Treasurer had disposed of State bonds without receiving something in consideration therefor; and, if such a precedent had been set, (which he denied) it was no excuse why the present Treasurer should violate law in his official capacity. The law, creating these bonds, specifies that they shall be sold at par. They had not been sold at all, but bartered away—not by the Treasurer but by the Penitentiary Committee, for land and a site, for 65 cents in the dollar.

The Treasurer was culpable for the disposition of the bonds, therefore. What was meant by "at par?" Simply that one hundred dollars in bonds should be sold for one hundred dollars in money, or its equivalent and he denied that any such sale of bonds had been made.

Mr. Sweet review the requisitions that were made on the Public Treasurer for these bonds, and characterized their language as an evasion of the law, and he could not find language to express his surprise thereat. He could not see how intelligent Senators, on the Committee of investigation, could make a report that the Treasurer had acted with prudence and caution.

Referred to the unstamped mortgages, the law requiring stamps, no doubt of the requisition of the law in this respect, but to stamp would cost $2 000. Here was an attempt to defraud the United States—what did they care—the mortgages were worthless. The Treasurer of the State, in an individual transaction of $100, would not have consulted the Attorney General; but in this case of $2,000,000 the Treasurer satisfies himself by taking the opinion of the Attorney General, and take mortgage without stamps, and screens himself by falling back on the opinion of the Attorney General. Had he the welfare of the State, solely at hear, he would not have taken the opinion of the Attorney General. He should have known what every little fifteen dollar groceryman knows, and that is, stamps on mortgages are necessary.

The job of whitewashing was well done, but the coating was a very thin one.

Mr. Sweet recapitulated the charges were made by David A. Jenkins on oath, and statements made by himself. He (Mr. S.) had done nothing else, but to present the charges as made by Jenkins.

In regard to the Penitentiary bonds, David A. Jenkins did not act as any of his predecessors had acted. Other Treasurers may have sold bonds and received certificates of stock in return—making, at least, a quasi compliance with the law while on the part of the present Treasurer, he did not dispose of the bonds at all, but that the Committee bartered away these Penitentiary bonds, at 65 cents in the dollar.

Mr. Brogden, Chairman of the Committee, replied to Mr. Sweet in defence of the report which had been read, in his usual forcible style. In the course of his argument, he stated that the Public Treasurer had been unjustly and unfairly alluded to by the gentleman from Craven—and Mr. Brogden defended the conduct of Treasurer Jenkins, at great length.

In reply, Mr. Sweet said, "by their fruits shall ye know them"—and proceeded to show, that the Penitentiary transaction was a burlesque,—the act evaded, often by the Treasurer. He was directed to sell at par—He never sold.

The bonds were never sold by any one, although they were directed to be sold, it stood separate in this respect—*to sell*, is stated—not implied. The Penitentiary Committee never drew for money, but for bonds. He wished to know where was the law, directing the Treasurer to deliver the bonds.

Mr. Brogden replied, that the bonds were sold at par, and sold, when delivered for the purposes for which they were parted with, and in no other way, and they have been sold at par.

Mr. Sweet was clearly of the opinion, that this method of disposing of the bonds was illegal and not warranted by law; and no man's high official position would deter him from ferreting out malfeasance in office—nothing would deter him from a rigid investigation. All this talk about the dignity of the State, only incited him to a more thorough investigation of fraud and corruption—for it was the dignity and honor of the State, he wished to defend and uphold.

The question recurring on the proposition to print,

Mr. Barnes, as one of the Committee, arose to an explanation, and defended his position, and that of the Committee, in the premises.

The Committee had investigated the matter impartially, and had made their report in accordance with the facts brought before them.

Mr. Robbins could see no substantial reason to charge the Treasurer with corruption. He understood the land was bought for $100,000 in bonds, therefore the bonds passed off at par. He thought the whole matter "a tempest in a teapot." He did not think the Committee intended anything wrong, and, therefore, he thought it unnecessary to incur the expense of printing.

Mr Welker believed nothing new had been elicited from the Committee of Investigation. The Treasurer stood just where he did before, in the estimation of Senators. He was, therefore, not in favor of incurring the expense of printing.

Mr. Cook thought it a needless expense, also.

The vote to print stood, yeas 17, nays 13.

Mr. Davis introduced a bill to incorporate the Germania Land Company of North Carolina.

Mr. Hayes introduced a bill to defray the funeral expenses of the late Hon. D. J. Rich. Appropriates $780, and provides for the expenses of the Committee, who attended his remains home.

Mr. Hayes introduced a bill, supplemental to a bill, to amend the Charter of the Charlotte & Rutherford Railroad.

Mr. Hayes presented a petition from the citizens of Richmond and Robeson counties, praying for the erection of a new county.

The bill for the protection of fish in the waters of North Carolina, was read second time, and, pending its consideration, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

The House was called to order at the usual hour.

Leave of absence was granted to Messrs. Hoffman, Parker and Grier.

Messrs. Nicholson and Robinson were announced as being confined to their rooms by indisposition.

Mr. Parker introduced a resolution instructing the Superintendent of Public Works to report to this General Assembly what repairs are needed at the University and the amount necessary to be appropriated for that purpose.

Mr. Mendenhall presented the report of the Commissioners of Davidson county.—Referred.

Mr. French offered a substitute for the whole matter.

After some little debate the substitute was adopted and the bill passed its several readings.

By Mr. Bowman: A bill supplimental to the act to incorporate the Western North Carolina Railroad. Referred.

CALENDAR.

Bill to authorize the construction of Railroad through the counties of Granville, Person, Rockingham, Caswell and Stokes was taken up. [The bill makes the Road a State work and asks for $2000,000. The Governor appointing nine Directors.]

Mr. Welch offered an amendment submitting the proposition to a vote of the people. Mr. Welch said it his amendment was adopted he would vote for the bill, otherwise, he would not do.

After a lengthy debate, Mr. Barnett called the previous question.

On motion of Mr. Jarvis, the yeas and nays were called on the motion for the previous, and the House sustained the call by a vote of yeas 45, nays 24.

The question recurred upon Mr. Welch's amendment.

On motion of Mr. Welch, the yeas and nays were called, and resulted in the following ballott:

AYES.—Messrs. Ashworth, Clayton, Durham, Ferebee, Gibson, Gunter, Hawkins, High, Hinnant, Hodgin, Hoffman, Humphries, Jarvis, Justus, of Henderson, Kinney, Long, of Chatham, Mendenhall, Moore, of Alamance, Painter, Parker, Smith, of Alleghany, Smith, of Wayne, Snipes, Stanton, Sweat, Vestal, Welch, Whitley, Williams, of Sampson.—29.

SPECIAL ORDER.

The bill to prevent the distillation of grain.

Mr. Malone moved to lay the bill on the table.

The yeas and nays being called, the motion was adopted by a vote of yeas 41, nays 21.

CALENDAR.

Bill to allow the Commissioners of Buncombe county to levy a special tax. Passed its third reading, yeas 61, nays none.

A similar bill in regard to Randolph county was taken up amended and passed its third reading by a vote of yeas 63, nays none.

Bill to allow the Commissioners of Iredell to levy a special tax was taken up and passed its third reading yeas 64, nays 1.

Bill to amend the act concerning the register of deeds was taken up and passed its several readings under a suspension of the rules.

Bill to extend the time wherein widows may dissent from the wills of their husbands was taken up and, on motion, recommitted to the Committee on the Judiciary, by a vote of yeas 39, nays 28.

On motion of Mr. Durham, the rules were suspended and the bill to cure certain irregularities in the mode of commencing certain actions and to amend certain sections of the Code of Civil Procedure, was taken up, amended and passed its several readings.

SPECIAL ORDER.

The bill appropriating $12,000 to the University.

The question recurred upon the motion to reconsider the vote by which the bill was postponed until the common school bill should pass.

Mr. Downing hoped the motion to reconsider would prevail.

Mr. Durham said there was a resolution on the calendar instructing the Superintendent of Public Works to report what repairs were needed and what amount was necessary to be expended for that purpose. He hoped the bill would be postponed until that report was made, in order that the House might see what was needed, &c.

Mr. Malone took the floor in opposition to the motion reconsider and said:

This appropriation is an outrage upon the people of the State. The gentlemen who argued this question speak of necessary repairs, but when you read the bill it, provides for $12,000 to pay the *current* expenses—and not *repairs*. What are the correct expenses? How many students in this University? I am told they have from three to six pupils. And I am told that this board has employed five or six Professors, at a large salary—and this before a single pupil had entered the College. Indeed I learn that one of the Professors being of Missouri, has not made his appearance! As to who they are and where they are, we cannot tell, but certain it is they have been employed—and that gentlemen cannot disguise the fact that the object of this money is to pay these Professors a salary.

Here now we are called upon to support a set of five gentlemen out of employment. Let us wait for patronage—let us wait until the people begin to send their sons to this Institution. In days gone by—even in the days of our prosperity this Institution opened with only two Professors; but now without a half dozen pupils—*now* it is necessary to start out with a grand corpse of teachers sufficient to conduct a school upon the plan of some grand European University! But, Mr. Speaker, I am surprised at the ridiculous conduct of members of this House who urge this measure.

In the first place they raise the *party lash* over the Republican members of this House—they say it ever there was a time for the *party lash* now is the time!

And without a single speech or motion from a Democrat on this floor, they travel out of the record to charge that the Conservative members of this floor are prompted by captious motives.

Now, if I were disposed to look in a party view, I would say that the leaders of this party, are acting in *bad faith* with the colored men of this House and of the State. They hold up the terrible *party lash*, and say to colored men, come into the *traces*; bow to the yoke of party drill; yet it is known that they have excluded the colored men from that institution, although they hold out the tempting bait to the colored man, that he is entitled to glorious privileges,—yet he shall not enter this institution, although Senator Abbott told the Convention that it would be unjust to close this institution to any class of persons, yet they intend that he shall not enter the College.

Mr. Downing spoke in favor of the motion.

Mr. Barnett wished to re consider.

Mr. Pou opposed the motion to re consider.

J. H. Harris, of Wake, colored, favored the motion to re consider. He said, in his remarks, that the Board of Directors had not decided that no colored men could enter that institution. That was a matter for the Courts to decide, &c.

Pending any definite action, on motion of Mr. Vest, the House adjourned until 4 o'clock this afternoon.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, ... *President.*
ABRAM D. POLHEMUS, ... *Vice President.*
WILLIAM M. COLE, ... *Secretary.*
D. P. FACKLER, ... *Consulting Actuary.*
DANIEL AYRES, M. D., LL.D., *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the most LIBERAL Life Insurance Company in the United states, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than over before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious articles from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's rappee is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

Job Work done at this office.

YESTERDAY.

In the morning a good sermon was preached by Rev. Jos. R. Brooks, of Smithfield, in the Methodist Church. The writer attended services in the morning at the Baptist Church. Rev. Dr. Pritchard, the pastor, preached a really fine sermon on Redeeming Time. We thought it better than any we had heard from him. It was intended for the young, especially for those who had just recently entered upon a christian life. Time is valuable from three considerations: 1. But little time is allotted to any one. 2. It may be withdrawn at any moment. 3. We must prepare for death and judgment. He wished to give some counsel to the young Christian. 1. Start right. 2. Have a proper and a high stand and before you. 3. Read the Bible closely. 4. Give yourself to prayer. 5 Be attentive to all the appointments of the Church. 6. Practice Christian benevolence. 7. Work for souls. These are the brief points, of an admirable discussion, which were happily elaborated and illustrated.

In the afternoon, we accompanied Dr. Pritchard to the Insane Asylum. He had been invited to preach to the unfortunate inmates by the Superintendent, Dr. Eugene Grissom, who extended to us every courtesy and attention. The services were simple, and the sermon short and appropriate. The music, on a Cabinet organ, was performed by one of the inmates. Some sixty of the lunatics were present, and they conducted themselves with a propriety and decorum that was truly remarkable. There was not the slightest disturbance, and nearly all of them seemed to listen with attention and interest. Indeed, their behavior was so very good, that we have known many congregations, said to be composed of sane people, that might well imitate the excellent example thus set them by this smitten and afflicted people. Altogether, it was the most orderly and well-behaved congregation we remember to have seen in a year. We were so much pleased with what we saw, that we purpose availing ourself, at an early day as possible, of a polite invitation of Dr. Gilliam to visit the Asylum, and look through its various apartments. We hope that our Legislators, in their appropriations, will not fail to make ample provision for the noblest benefaction that belongs to our ancient Commonwealth. It is a virtue to provide for the unfortunate, and there is no higher civic honor than that which is won in doing good to God's poor. There are 215 inmates, and more than seventy applications.

CONFEDERATE CEMETERY.—A visit to this sacred spot, near Raleigh, impressed us with the importance of a speedy and more thorough plan of perpetuating the memory of the brave sons of the South, whose bones have been collected and buried there.

The condition of the Cemetery, at present, is such as to command the respect and thanks of the living sons and daughters of the South—but, it is not lasting; what is needed to complete the idea of perpetuating their names, is granite or marble slabs, at the head of each grave, with the name of the soldier, his Company and State, in the piece of the present head boards. It requires money to accomplish this; money can be had, if our fair women, who have their grounds under their care, will make an appeal to our people for it. From our observation, we think there are about four hundred and fifty graves. To place a granite head stone at each, will require, at a fair estimate, not more than $1,800. We trust this matter will receive the prompt attention of those in whose keeping it has been committed.

We were impressed with the appropriate and beautiful monument which has been erected in memory of the gallant General George B. Anderson. It is admirably designed and executed, and is a fitting memorial of heroic courage and noble patriotism.

A COMPARISON.—One of the insane in our Asylum recently visited our Legislature. Upon his return, the Superintendent asked him what he thought of it. Relapsing into a "brown study" for a moment, he looked up and said: "*Well, I think they are a branch of the establishment.*" How much of aptness there is in the opinion, we leave with a discerning public to decide.

WORK FOR US.

We hope our friends throughout the State will make an effort to extend our circulation. We hope to send out at least double the number we now do, and with a very little effort this can be done. We are endeavoring to serve the people by watching their interests, by exposing corruption and negligence, and by furnishing them with the last and most reliable news. Help, friends. *Let every subscriber procure for us at once, another subscriber.*

STATE NEWS.

There is to be a Railroad meeting in Rutherfordton on the 1st Monday of Court.

The still house of Mr. G. C. McDougal, at Rosendale, was burnt on last Thursday night—work of an incendiary. The robbers are supposed to be an organized band of negroes who have recently robbed others.

The still house of Mr. W. P. Rhoades, near Fayetteville, was burnt last Saturday. The work of an incendiary. Loss $300.

The new and very elegant Baptist Church in Wilmington will be finished during the year.

Rev. J. C. Hiden, witty and thoughtful, will deliver his lecture on "Odds and Ends" in Wilmington not long hence.

FIRE—HEAVY LOSS.—The dwelling of the late John A. Robeson, located on Carver's Creek, in Bladen County, was totally destroyed by fire Thursday last.

The fire originated from accident, and the lives of Mrs. Robeson and daughter were with difficulty saved.—*Star.*

SENTENCED.—The jury in the case of Mingo Smallwood *alias* Jones on trial for the murder of Elijah James, colored, brought in a verdict of manslaughter at an early hour yesterday morning. His Honor sentenced the prisoner to the extreme limit of the law—ten years imprisonment in the Penitentiary.

Bright Davis, Frank Green and William Hughes, convicted of larceny on Tuesday, were also sentenced yesterday—eight months imprisonment, being the time in which His Honor allowed them to expiate their crime.—*Jour. of Com.*

We learn that the barns and cribs of Mr. Wm. Davis, near St. Pauls, Robeson Co., were burnt late Saturday night, the 6th inst. All his corn and provender was destroyed. It was undoubtedly the work of an incendiary.—*Fay. Eagle.*

MORE STEALING.—"The work goes bravely on." We hear that the whole crop of Mr. C. M. G. Wagstaff's Tobacco was stolen a few nights ago, and not satisfied with this, the rogue or rogues went back the next night and stole nearly all of his farming utensils. Mr. Wagstaff lives about four miles from town, on the Person line.—*Milton Chronicle.*

ROBBERY.—On Thursday night, 11th inst., Mr. Duncan Murchison's store, 12 miles north of here, was broken open and $150 worth of goods belonging to the Little River Company stolen therefrom. The thief was at once pursued, caught, and most of the goods recovered. His name is George Oliver Mason, white man.—*Eagle.*

THE LEGISLATURE.—The scenes daily enacted in the General Assembly of North Carolina are a disgrace to that body, and reflect seriously upon the character of those who delegated powers to those so little worthy. We have carefully abstained from publishing any of these scenes preferring to hide them as much as possible from the public gaze. Never in the annals of North Carolina has such a legislative body convened in our borders, and we trust the good old North State may never see their like again. If they had one particle of sense of decency and propriety, they would, without delay, adjourn and retire to their homes, and the obscurity from which they were tossed by the throes of the late war.—*Jour. of Com.*

AMPUTATED.—Yesterday afternoon the leg of Mr. W. [illegible] was amputated by Dr. W. Love, assisted by the following physicians were present: Doctors Thomas, Wood and Anderson.

The leg was amputated a few inches below the knee. Strong hopes of his recovery are now entertained.—*Star.*

HOW TO PREVENT KEROSENE EXPLOSIONS. *Washington, March 8, 1860. Editor Evening Star:* Ammoniacal gas is the most powerful extinguisher of fire there is. Now, I added to one gallon of ordinary kerosene six ounces fluid of liq. ammonia (worth nine cents) and three-quarters of an ounce of muriatic acid. Before adding these ingredients you will find that you can set fire to coal oil with a match immediately—at least, to all I have lately seen. Now, after adding these, I have poured into a tin cup a small quantity, and lighted a match and held it close to the oil. It would not set fire to it till I had burned nearly three matches, or, in other words, until the oil got very hot. I find in burning it gives a brighter flame, and, of course, a better light, in consequence of the chlorine present in the oil. The addition of muriatic acid forms muriate (chloride) of ammonia, and with the quantity I use leaves an excess of ammonia in the oil. There is no precipitate formed, but the oil, when burned out dry, will leave a crust of salt of ammonia behind, which can be cleaned out with water. The can in which the oil is kept should be kept stoppered tight to prevent the ammonia evaporating. It is impossible for any lamp to explode which burns this oil. The combustible gas is burned out by the wick, leaving some free ammonia and chlorine gas in the lamp, and in the presence of these *every chemist* knows that explosion or even combustion is impossible. So much for this, then. Now, please let me call attention to the importance of ammonia as an extinguisher of fire from any cause. I speak from experience, as it saved our gallery from burning out last winter at the Naval Academy. The coal lamp fell down by accident in my *dark* room and broke. The oil caught fire, and in a moment one-third of the room was in a blaze. I threw a blanket over it; no use, it had proceeded too far, and the blanket would not cover it all. I immediately seized the ammonia bottle near at hand, with about six ounces ammonia in it, smashed it into the blaze, closed the door to shut off draft, and within two or three seconds the fire was smothered by the ammonia gas. Of course there was a devil of a smell—ammonia, you know, has a strong odor—but the fire was out, and the wooden building saved. Now, sir, with a quantity of this in every house, two-thirds of all the kerosene fires could be prevented. This is no new theory of mine, but a chemical fact, only it has not been very extensively applied heretofore.

I am yours truly,
DAVID BACHRACH, Jr.

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitators, piracy, high tariffs and unfair competition, and still erects a constantly increasing sale; showing that true worth does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

PUBLIC MEETING.

Pursuant to notice a large number of delegates from the different precincts, and other citizens of the county, met in the Court House in Yadkinville, on the 17th inst., and organized as a Railroad Meeting, by calling Aquilla Speer Esq., to the Chair and appointing Chas. C. Hockett, Sec'y. The Chair explained the object of the meeting in a few brief and well-timed remarks. On motion, all others present, were invited to participate, with the delegates, in the deliberations of the meeting. On motion of Joseph Dobson Esq., a Committee of six, one from each precinct, was appointed to draft resolutions expressive of the sense of the meeting. The Committee retired and in their absence, the meeting was eloquently addressed by Mr. Dobson and Dr. Cook, portraying the advantages, to our citizens, of the contemplated Road, and the ease with which the funds necessary to secure it, can be raised.

On return of the Committee, their Chairman reported the following resolutions, which were, with great unanimity, adopted.

We, your Committee, appointed to draft resolutions expressive of the sense of this meeting, beg leave to report the following:

Resolved, That it is the sense of the delegates here assembled, that Yadkin county shall subscribe and pay her quota of subscription to the Yadkin Valley division of the North Western North Carolina Railroad.

Resolved, That the County Commissioners of Yadkin county, be, and are hereby instructed, to subscribe forty thousand ($40,000) dollars to the Road named in the above resolution, *Provided* that a majority of the qualified voters of the county so decide by casting their votes thereon.

Resolved, That the County Commissioners of Yadkin county, be, and are hereby requested and instructed, to hold an election at the several precincts in the county after due advertisement, to give the people opportunity to vote for or against the subscription to the said Road, and that the election be held on Saturday, the 27th instant, and that the returns of said election be made to the Commissioners at Yadkinville on the 29th instant.

Resolved, That Yadkin county shall be relieved of so much of her $40,000 subscription as may be subscribed by individuals for building said road through said county.

"The Sultan of Zanzibar has imprisoned the man Mosa, who gave false intelligence regarding Dr. Livingstone."

Mr. Mosa, or whatever his name is, will now, perhaps, learn to tell the truth, by lying in prison.

DON'T ALL SPEAK AT ONCE!—"A Brute" writes to us to draw the attention of intending Benedicts to a young lady of Hickman, Kentucky, who is stated by the Louisville *Courier Journal* to have spent nineteen of her twenty-seven years in sleep. She wakes ten or twelve times a day but only remains awake for twenty minutes at a time, and she is described as prepossessing in appearance. "A Brute" wishes that he had heard of her before he married his present wide awake wife.

The word "can-can" used to designate the extravagant and, in some respects, immodest style of dancing, of which we have had so much lately in our theatres, is an importation from France, but by no means of modern origin. It was at first spelled "quam-quam," and was the name given to the Latin orations delivered by young theological students before their doctors or professors. Coming into popular use, it was applied first in the form "quan-quan," as it is found spelled in the French dictionaries of a century ago, and then in that of "can can," to all sorts of noisy, empty talk, [illegible] more particularly that of a scandalous, gossipy character, and answering to our English "chatter," "gabble," and "clack."

MULE STOLEN—$25 REWARD!

STOLEN from my Farm, on Little Shocco Creek, in Franklin County, on Wednesday night 3rd of March, one GREY MARE MULE, medium size, about 9 years old, with a singular mark across her rump and back, resembling the cut of a whip lash. It is thought she was carried in the direction of Gaston, into Virginia.

A reward of $25 will be paid for her recovery.

TELEGRAPHIC.

Saturday Midnight Dispatches.

FROM WASHINGTON.

WASHINGTON, March 20.—The appointment of Mr. Robertson as Chairman of the Committee on the removal of disabilities indicates stringent examination of cases. Robertson recently remarked, regarding reports in Carolina papers that he was tending towards Democracy, that on the contrary he and his colleagues were fully as radical as ever.

No nominations to-day. Several confirmations have been made, but none affecting the South.

The Committee on Commerce reported favorably for Casey as Collector of the port of New Orleans, and reported back Longstreet's nomination without any recommendation. Executive session took no action either.

T. L. Bullock Secretary of the Congressional Committee, has been appointed Clerk of the Treasury.

The discussion to-day looks more favorable for the repeal of the tenure-of office bill, though it may be prolonged next week.

CONGRESS.

WASHINGTON, March 20.—In the Senate, Mr. McDonald introduced a bill to aid the construction of a railroad from the junction of the Mississippi and Missouri to Mexican borders.

A committee of seven was appointed on political disabilities viz: Mr. Robertson, Chairman and Messrs. Osborne, Hamlin, Howe, Ferry, Boreman, and Vickers.

The tenure-of-office bill was discussed to adjournment without action.

No session in the House to-day.

FROM SOUTH CAROLINA—THE LEGISLATURE.

COLUMBIA, March 20.—The Legislature, after a severe contest, involving several millions of dollars of State bonds, in assistance of railroad enterprises, between interested parties for the railroads on the one side, and the Governor and a number of members of the Legislature opposed to granting State aid, has resulted in a grand defeat of all the railroad schemes, and the General Assembly will adjourn *sine die* on the 24th inst.

FOREIGN.

HAVANA, March 20.—Yesterday sugar advancing more buyers than sellers.

MADRID, March 20.—The disturbances at Jarsey D'e La Frontera is quelled.

SENATE.—Unimportant Senatorial caucus this morning, full but stormy. Morton, Grimes Sprague and six others withdrew. The caucus meets again this afternoon. The suspension of Congress until next session seems abandoned.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA.
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in its character, offers by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent) of the par of his policy. In the latter the Company agrees to return to the insured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from other and rival Companies, by means, fair and unfair, they have sought to injure the new system, and have attacked it with a terror of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurers and other journals, to try and check the rapid progress of the National, an unsuccessful motion was made in Congress to repeal its charter, a bill which but accelerated its speed for since then, the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the years of the Company has gone steadily forward and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have, is called to the special advantages offered by the National Life Insurance Co.

THE ÆTNA
Has $126 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium may be paid each year and the dividends applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies, and in case of inability to continue payments, give a larger paid-up policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums, and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared at per centage of said sum, and paid in cash, and upon surrender of such Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, as an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

THE NEW YORK *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

NEW METHOD OF WASHING CLOTHES

WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range; in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the coarsest blankets. For flannels it is invaluable, as it does not rub them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly incorporating and washing the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LANGER & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more meaning than poetry in all this. Don't every man, woman and child know that it is hunting—large enough to be seen even with one eye shut? so let them talk, puff and blow, but stop, LOOK, JUDGE! HANDS OFF! and show your good judgment by

COMING TO CREECH'S
